FREE Workshop & Lunch For Professionals and Caregivers

Bridging the Gap Between Us and Those We Serve

Death is not just a medical event. It is a human event. Health care providers and caregivers (from all backgrounds) can radically change the way individuals and families view, talk, and experience death and, ultimately, improve lives now and in the future.

In 2016, Kimberly left her job at a hospice, cashed in her retirement and created a new platform that invites everyone around the table to have open conversations about death and dying. Join us as Kimberly shares the stories she's picked up along the way and messages for hope and support for all who work with aging people.
